**Attachments:** image001.gif

Teresa, Aymsey & Vin,

CONGRATULATIONS on working together to really optimize the value of the NIPC programs for the physicians in your area...

As we saw with the return on education study conducted this year, the effectiveness of well-planned CME content and well-executed audience recruitment is truly a "winning combination!"

Great teamwork, guys!!

Linda

Thanks for the feedback Teresa – glad that the program went so well there!!! Glad that your recommendation to have the opioid program in Cincinnati paved the way towards, and lessened the fear of appropriately prescribing opioids. The efforts that you and your team made in identifying the need and helping get the appropriate physicians attend no doubt helped with making this program a success.

Sylvia, Vanessa, & Steve – thanks also for ALL your efforts to make this NIPC program not only happen, but be a success!

Way to go everybody!  
Vin

*Vin,*

Thank you again, for helping to facilitate the addition of an Opioid program in Cincinnati.

- As you know, the program, with Charles Argoff, was tonight, Thursday, November 13, 2003.
- First of all, the turnout was excellent. They were set up for @ 45 and over 60 showed up! With a quick reset of the room, there was plenty of space.
- Secondly, the Physician's were very impressed with the presentation content.
- Prior to the program, Cincinnati Representative, Aynsley Toomer, shared with Dr. Argoff, some of the specific regulatory issues Cincinnati Physicians have been dealing with. He used the info draw Physicians into the talk.
- Many Physicians expressed that they now have an enhanced understanding of the proper prescribing of Opioids while reducing the risk of licensure loss.

*Thanks again,*

*Teresa*
